

DEPARTMENT OF HUMAN GENETICS

ADVERTISEMENT

One post of Research Assistant (on a consolidated salary of Rs. 31,000/- p.m. fixed) is available in the ICMR project entitled “**Molecular Genetic Analysis in Congenital Cataract Patients**” sanctioned to the undersigned.

Duration: Till the tenure of the project.

Essential Qualification and Experience:

Graduate in Life Sciences preferably in Human Genetics (with at least 50% marks) from a recognized University with three years work experience from a recognized institution

OR

Master's degree in Life Sciences preferably in Human Genetics (with at least 55% marks) from a recognized University.

Candidate having experience in molecular biology techniques (PCR, sequencing, targeted region/ whole exome sequencing, NGS data analysis, gene cloning and expression analysis, mammalian cell culturing) related to research work of the project will be preferred.

Upper Age-limit: 30 years

Highly motivated candidates with the above mentioned qualifications may submit soft copy of their application (*scanned copy with signatures*) along with bio-data and other relevant documents, to the Principal Investigator by email vanita.humangenetics@gmail.com latest by **27.11.2018**.

The date, time and venue of the interview will be informed via emails to only short listed candidates. Candidates will be desired to bring all original certificates of educational qualifications and other relevant certificates along with a set of photocopies of the same, two latest passport size photographs and complete bio-data at the time of interview. No TA/DA will be paid for attending the interview.
