

Department of Lifelong Learning

About The Department

The Department was established in 1985 with an objective of providing quality vocational education to the youth. The main focus of providing vocational education has been to make the youth, especially coming from weaker section of society, self-reliant. Over a period of time, the department has been making efforts to upgrade different syllabi, to keep pace with changing times. The regular classroom teaching is supported by extensive practical work, workshops, short term training and skill development programmes. Visit to various industrial units is a routine feature. This helps the students to know about the latest trends in industry. Regular interaction with eminent personalities are arranged to sensitize the students on various issues related to their respective fields of study and the contemporary social issues. These efforts of the department have brought very encouraging results, as many students have been able to start their own ventures and have got placements in various government and private organizations. It will always be an endeavor of the department to provide latest training and conducive environment to the students so as to develop them in the best possible ways. To showcase their talent, an exhibition of their artifacts is organised every year.

Mission

EMPOWERMENT OF PEOPLE: To enable them to learn, earn and live better lives.

Objectives

Poverty alleviation and self reliance through well designed and co-ordinated vocational training to the weaker section of the society.

Women empowerment by way of making her self employable and independent.

To make women of the lower and middle economic segment of the society, socially more relevant by exposing them to new techniques and developments.
