

International Conference
on
“Luminescent Materials: From Fundamentals to Applications
(ICLMFA-2024)”

March 15-16, 2024
Guru Nanak Dev University, Amritsar

Instructions for Poster Presentation

- (i) Poster displays will be limited to one side of a 3-foot by 4-foot tack board. The recommended poster size is 3 feet (width) by 4 feet (height).
- (ii) The poster board number assigned to the poster must be placed in the upper left-hand corner of the display. A poster board number cut-out will be provided and must be visible at all times.
- (iii) Be sure to include the abstract title, author and coauthor names, and the institution(s) where research is underway.
- (iv) Poster presentations will have defined hours within the Conference hours.
- (v) The designated poster presenter (author or coauthor) must be present at the assigned space during the designated time to discuss the work presented.

Tips for Poster Preparation

1. Posters should stimulate discussion, not give a long presentation. Therefore, keep text to a minimum, emphasize graphics, and make sure every item included in your poster is necessary.
2. Make sure ideas flow logically from one section to the next.
3. Use charts and graphs to illustrate data (avoid large tables of raw data).
4. Use high resolution photographs (web images often will not work).
5. The use of typewritten, handwritten poster is unacceptable. Presentations in these formats will be removed.
6. Keep consistent margins.
7. Keep line spacing consistent.
8. Keep the color, style, and thickness of borders the same.
9. Keep shading consistent.
10. Title banner should be legible from 20 feet away.
11. Body text should legible from 6 feet away.

Please adhere to the deadline and guidelines above.
