**APRIL 20-21, 2021**

**10:00 Hours Onwards (IST)**

## ABOUT THE EVENT

Institute for Spatial Planning and Environment Research, India, (ISPER) headquartered at Panchkula, Haryana, India, is organizing its 7th International seminar which was to be held on 17-18, April 2020 but due to COVID-19 was postponed; is now scheduled to be held, (both physical and virtual), on 20-21 April 2021, on the same theme.

The 2030 Agenda for Sustainable Development and the SDGs not only call for equitable economic growth, but also provide an important political and implementation framework to execute various measures for resource efficiency and circular economic development. The proposed seminar on “Sustainable Habitat and Circular Economy” aims at developing a policy framework to address the underlying issues, challenges and opportunities of circular economy and localising the Sustainable Development Goals.
