

## LIFELONG LEARNING DEPARTMENT

**INTRODUCTION** : Department was established in 1985 and is fully self financed department, where the annual budget is met entirely through the fee collected from the students. However the department had received grant from the UGC New Delhi for the up-gradation of Infrastructure in the department and conducting various programmes. The Department conducts various programmes under non-formal mode of education for fulfilling the educational need of those who could not get appropriate opportunities for higher education. Therefore, in order to adopt to the changing circumstances in the technological world, continuing education programmes are conducted and this academic work is not confined to the four walls of the university but an appropriate use is made of available knowledge and experience so as to benefit the common man.
